## Noah's Ark

September 2018

### From the Pastor

The year is 2008 and I experienced new chapters in my life. It's a few chapters that most people probably will never experience in their own lifetime. There's a small amount of people who would accept this new chapter or two. The two chapters that I'm talking about is going into the pastoral ministry and getting married. Most people will probably choose the married chapter in their lives. They might say it's the easier of the two. Each chapter holds a specific challenge and type of excitement. They both go hand in hand and work together. While they both center on two different lifestyles, they are not completely different. The center foundation for both is Christ. He is the cornerstone and the foundation for both examples.

Neither chapter is a job because it focuses on love. This isn't a make-believe love or the type of love we watch in movies. It's the same form of love that God uses in Scripture—1 John 3:11

**11** "For this is the message that you have heard from the beginning, that we should love one another."

When God says love, it's used as a verb. It's an action and not a feeling. God used the same action when He sent Jesus to be Our Lord and Savior. Jesus used the same action when our sins lifted him on the cross. The Holy Spirit used the same action to give us the gift of faith. The corner stone to both marriage and the pastoral ministry is the same heart and love for the people.

Loving the church and loving my wife as God continues to love is more than just words. It's actions that guide the Pastor and the actions that guide every husband. Have I been perfect like God in loving the church and my wife? The answer would be no. Thanks be to God that through the 10 years of serving the church and marriage, I continue to love as God loves you. It is the love that strives, motivates, and moves me. May God love you. May God continue to bless you to love other people. May you continue to love one another!

*In His love and mine, Pastor Travis*
